**Comments:**

10/6/99 - Received letter written to Iron County Planning Board regarding this site. Actual work this past year has been slow, however, have done bulk sampling & quantative exploration on the reserves. Results were good; but transportation costs were prohibitive. Operator has proposed to the Iron Co. Water Conservancy Dist. for an off-stream water storage site of @16,000 acre feet, with dam site location on up-stream side of the mine site. The actual mine development this past summer has been curtailed.
